

Alkaline Ionized Hydrogen Generator For family use

*Amazing Benefits of Alkaline Ionized Hydrogen Water
For families Who Care*

1 Way Type

2 Way Type

***NX500H for those who care about the quality of their daily water.
Clean & functional water is a basic necessity of healthy living.
4 type of gentle water can be easily produced at home.***

SAMPLE APPLICATIONS

1

Alkaline Ionized Hydrogen Water

For drinking and cooking

Benefits of drinking Alkaline Ionized Hydrogen Water everyday

Efficacy and Advantage of Alkaline Ionized Hydrogen Water

- Chronic diarrhea
- Gastrointestinal abnormal fermentation
- Acid indigestion

Alkaline 1 **Low**
pH 7.5 ~ 8.5

For daily drinking:

Gentle and delicious water supports your healthy life.

Alkaline 2 **Mid**
pH 8.0 ~ 9.5

With strong extracting power:

Alkaline 2 produces coffees and teas with pleasingly mind flavors with its strong extracting power.

Alkaline 3 **Hi**
pH 8.5 ~ 10.0

For Cooking:

Alkaline 3 helps food cook more quickly while maintaining the texture of ingredients.

2

Mild Acidic Ionized water

Not for drinking

For Astringent:

This mildly acidic water is gentle on your skin.

For boiling noodles:

It helps to cook "al dente" and smooth.

For Tempura batter:

It produces crispy, flaky, and tasty Tempura. Good for any frying batter

SAMPLE APPLICATIONS

3

Purified Water

For drinking

For Drinking (including medicine & body formula):

Strict removal of impurities makes this gentle water ideal for use in body formulas or to take medicines.

4

Strong Acidic Ionized Hygiene Water

Not for drinking

For Cleaning of Tableware and Cutting Board:

Upon setting of the salt cartridge, "hygiene water" (including hypochlorous acid) will be produced which is most suitable for the sanitization and washing of cutting boards and tableware.

MAIN SPECIFICATIONS

Model No.	NX500H
Input Voltage / Frequency	AC100 V, AC110 V, AC120 V, AC220 V, AC240 V / 50-60 Hz
Input Current	3.8A
Ionized Water Flow Quantity	Approx. 6L/min *1)
Ingredients removed by water purifier	Residual chlorine, Mold Smell (2-MIB), lead melted in the lop water
Length of connection hose	1.5m (standard)
Water Quality	Top Water
Necessary Water Pressure	0.05 ~ 0.5Mpa
Capability of water Purification	Approx. 30,000L *2)
Product Dimension	H345 × W238 × D156 mm
Product Weight	Approx. 7.5 kg

*1) Varies with water pressure. The flow quantity ratio of alkaline ionized water (acidic ionized water) to drainage is approximately 2:1.

*2) Varies according to the quality of water.
